

We are John Michael and Dominique, and thank you for taking the time to read this and learn about our family. We are already parents to six year old twin daughters, and it is truly our hearts' desire to both parent another child together and for that child to come to our family through adoption.

We have been married for 14 years, and we met at age 14 at church youth group and dated for 8 years before marrying. We both love spending time with children. In high school and college, we loved volunteering together at Wednesday night kids' clubs, Vacation Bible Schools, and children's church. At our current church, we both continue serve in children's ministry, and Dominique teaches Sunday School each week for the 3 & 4 year olds.

After being married for seven years, we welcomed twin daughters into the world. Parenting together is our greatest joy in this life. We absolutely love teaching them, laughing with them, exploring nature with them (our daily walks are our favorite time of day), and just loving and cherishing them! Our greatest honor and responsibility has been teaching our daughters about Jesus and what the Bible teaches. We are eternally grateful that both girls have committed their lives to Jesus and prayed to become Christians.

Any child whom we have the privilege to raise we will completely and utterly nurture, encourage, and cherish for the rest of our lifetimes. We will tell that child how loved he or she is multiple times per day, pray for that child every day, and teach him or her about Jesus and the truth that the Bible teaches.

We know that this decision as to whom should parent your child is more difficult than we can possibly comprehend. Please know that we truly admire you without even knowing your name, and we are praying for each person who looks at this to have wisdom, certainty, and peace in whatever decision you ultimately make for your child.
